### Background

The Bastianich Winery, founded in 1997 consists of 35 hectares (90 acres) of vineyards. All of the vines are in the Friuli Colli Orientali DOC area in 2 distinct climatic zones. The deep connection of The Bastianich Family stretches back decades and generations. From early connections with the greatest winemaking families in the 1970s and 1980s, to the promotion of the finest wines Friuli had to offer in their Family Restaurants in New York City and beyond... Culminating in the realization of a dream to create great wines of longevity and complexity in their own vineyards. The Bastianich Family has been one of the greatest supporters of Friulian wines in the United States and around the world.

### Tasting Notes:

Friulano is the most typical white wine in Friuli. It is an indigenous grape variety grown in Friuli for hundreds of years, and has become an integral part of the culture and cuisine of the region.

Medium bodied, with ripe, luscious pear and zesty mouth watering acidity. Together creating a perfect wine to enhance food. The Friulano grape is also characterized by a slight almond edge. GREAT WITH A classic match with Prosciutto. Try also with seafood and fish, veal, pork and Asian/spicy dishes.
