Background

Our cellar was established in 1963. As a cooperative. It now brings together almost 90 wine growers and the equivalent of 270 hectares of vines. Thus our vines are found in the majority of the municipalities in the appellation area and in the most beautiful terroirs of the region, comprising stony hillsides overlooking the River Loire.

Leading producer of the appellation: more than 2million bottles are produced each year and leave our cellars for various markets worldwide, reaching our customers, whose loyalty and satisfaction we have been assuring for several decades.

Tasting Notes

The rich soil diversity of the famous Sancerre terroir - stony limestone hills and clay limestone stones locally referred to as «caillottes», - produces this complex and well balanced wine. It possesses intense fruity aromas of lemon, lime, grape fruit and mineral aromas, also crisp vibrant citrusy flavors.

Enjoy it as an aperitif, along with local Crottin de Chavignol goat's cheese. Pair it with shellfish or white meats such as grilled poultry. Try a more daring match alongside red meat!
